# SPARKLING WINES

## ISTRIA

Istrian sparkling wines are characterized by freshness, aromatics, and mostly traditional bottle fermentation. This is where the five types of soil common in Croatia meet – black earth, red earth, sand, clay and clay soil – and this is just one of the secrets of the worldwide success of these wines. In addition to the indigenous varieties Teran and Malvasia, Chardonnay, Pinot, Sauvignon Blanc and numerous other varieties also ripen in Istria. In recent years, exciting new sparkling wines have been created by means of imaginative coupages, which simply have to be tasted.

|                                                                                                                                                                                | 1 dl | 7,5 dl |

## ROSÉ WINES | ISTRIA

Istrian rosé wines are high-quality, Mediterranean wines that are best known for their freshness, fruitiness and elegance. They are often described as ideal summer wines, bridging the lightness of a white wine and the structure of a red wine.

|                                                                                                                                                                           | 1 dl | 7,5 dl |

| Intense notes of fresh strawberries, raspberries and grapefruit zests.                                                                                                    |      |        |

## WHITE WINES | ISTRIA

### MALVASIA

Malvazija Istarska (Istrian Malvasia) is the leading white wine variety in Istria. It is characterized by a straw yellow color, moderate acidity and 11.5 – 13.5% alcohol by volume. Typical are floral-fruity aromas (acacia, apple, apricot, almond). It is versatile, from fresh to matured (barrique) and goes ideally with fish and seafood.

|                                                                                                                                     | 1 dl | 7,5 dl |

## WHITE WINES | ISTRIA

### CHARDONNAY

Chardonnay from Istria is usually a fresh, structured white wine that reflects the Mediterranean climate through fruity notes of apricot and stone fruit. It is often characterized by a fine herbal note and elegant minerality. In addition to young stainless steel tank variants, there are complex versions matured in wood.

|                                                                                        | 7,5 dl |
|----------------------------------------------------------------------------------------|--------|
| <b>Fakin</b>                                                                           | 39     |
| Fakin Winery, Motovun                                                                  |        |
| Full-bodied and fruity, with a gentle freshness and a harmonious body.                 |        |
| <b>Franković</b>                                                                       | 42     |
| Franković Winery, Buje                                                                 |        |
| Intense, persistent and fine taste with tropical notes of pineapple, banana and peach. |        |
| <b>Ferne</b>                                                                           | 48     |
| Degrassi Winery, Bašanija                                                              |        |
| Fresh, full-bodied, fruity, with fine minerality.                                      |        |

### SAUVIGNON BLANC

Typically a fresh and aromatic white wine with vibrant acidity and a distinct Mediterranean character. It is known for notes of citrus fruits, gooseberry and exotic fruits, complemented by delicate herbal and grassy nuances. It is an elegant and versatile companion to a wide variety of dishes.

|                                                            | 1 dl | 7,5 dl |
|------------------------------------------------------------|------|--------|

| Intensely aromatic with ripe floral notes of elderberries. |      |        |
| <b>Contarini</b>                                           |      | 50     |
| Degrassi Winery, Bašanija                                  |      |        |
| Dry, herbal notes and pleasant acidity.                    |      |        |

## ORANGE WINES | ISTRIA

Istrian Orange Wines are high-quality, mash-fermented white wines, which develop a deep yellow to amber colour, complex aromas and a robust structure due to long contact with grape skins (maceration time).

|                                                                       | 7,5 dl |
|-----------------------------------------------------------------------|--------|
| <b>Pinot sivi</b>                                                     | 49     |
| Ipsa Winery, Lavade                                                   |        |
| Notes of dried apples, apricots, figs, vanilla and cinnamon.          |        |
| <b>Santa Elena Malvazija</b>                                          | 56     |
| Ipsa Winery, Lavade                                                   |        |
| Notes of dried apricots, nuts, honey, pear, cedar, vanilla and herbs. |        |
| <b>Ottocento bijeli</b>                                               | 59     |
| Giorgio Clai, Buje                                                    |        |
| Aromas of lemons, ripe pears, caramel and a herbal spice.             |        |
| <b>Lara – Macerirana Istarska Malvasia</b>                            | 69     |
| Roxanich Winery, Motovun                                              |        |
| Notes of orange peel, aniseed and dark chocolate.                     |        |

## RED WINES | ISTRIA

### TERAN

Istrian Teran (Croatian: Teran, Slovenian: Refošk) is one of the oldest and most important indigenous red wine varieties of Istria. It is known for its strong, acidic character and deep red color.

|                                                                                                      | 1 dl | 7,5 dl |
|------------------------------------------------------------------------------------------------------|------|--------|
| <b>Terre di Paradiso</b>                                                                             | 7    | 44     |
| Valenta Winery, Motovun                                                                              |      |        |
| Dry, intense, fruity with a mineral-salty finish.                                                    |      |        |
| <b>Il Primo</b>                                                                                      |      | 50     |
| Fakin Winery, Motovun                                                                                |      |        |
| Powerful, full-bodied, balanced, with intense fruit (wild berries, cherry) and spicy, smoky notes.   |      |        |
| <b>Selekcija</b>                                                                                     |      | 59     |
| Kozlović Winery, Buje                                                                                |      |        |
| Fresh and juicy with a clear structure, fine-grained tannins and a mineral-salty note in the finish. |      |        |

### MERLOT

The Merlot from Istria combines the velvety fruit of ripe berries with a lively breeze of the sea. Thanks to the calcareous soils, it never seems heavy, but retains a noble elegance and a fine, salty minerality in the finish.

|                                                                      | 7,5 dl |
|----------------------------------------------------------------------|--------|
| <b>Merlot Arman</b>                                                  | 41     |
| Marijan Arman, Vižinada                                              |        |
| Plums, currants and ripe cherries.                                   |        |
| <b>Silente</b>                                                       | 52     |
| Tomaz Winery, Motovun                                                |        |
| Aromas of dark wild berries, cherries, plums, chocolate and vanilla. |        |

## RED WINES CUVÉE | ISTRIA

|                                                                                                                                                                                                                                   | 1 dl | 7,5 dl |

| <b>Meneghetti – 2019</b><br>Stancija Meneghetti, Bale<br><b>Merlot I Cabernet Sauvignon I Cabernet Franc</b><br>Deep ruby red. A multi-layered aromatic spectrum with notes of raspberry and blackcurrant, complemented by hints of vanilla, smoke, coffee and cinnamon. Supple on the palate, complex and mineral, with ripe, finely structured tannins and a long, powerful finish with ageing potential... | 7,5 dl | 95  |
| <b>Dionigi Valenta – 2018</b><br>Valenta Wines, Kaldir<br><b>Teran</b><br>A limited magnum with a complex aromatic profile shaped by maturity and finesse. Its bouquet combines dark fruit with leather, tobacco and spice, while on the palate it is rich, multi-layered and elegant, with a long, harmonious finish.                                                                                        | 1,5 l  | 145 |

## DESSERT WINES | ISTRIA

Istrian dessert wines are known for their high quality, intense aromas and the combination of Mediterranean sweetness with fresh acidity. They reflect the specific terroir of the Istrian peninsula, which is characterized by calcareous soils and a mild climate.

|                                                                            | 1 dl | 7,5 dl |
|----------------------------------------------------------------------------|------|--------|
| <b>Valenta Muskat (poluslatki)</b>                                         | 6    | 38     |
| Valenta Winery, Motovun                                                    |      |        |
| Intensely fragrant, typical of Muscat with marked citrus and floral notes. |      |        |
| <b>Fakin Muskat (slatki)</b>                                               |      | 30     |
| Valenta Winery, Motovun                                                    |      |        |
| Intensely aromatic, seductive, semi-sweet, elegant and fresh.              |      |        |
